Old Business

Ag Awareness and Grant –

Brochure updates – Dan provided Blackie’s updates to Vern, Valerie will email Lynn and Marcia’s to Vern.

There is money in the EDC budget for the brochure – about \$4k available for printing and publications. Couple of grant opportunities that could be pursued – Farm Credit East and also Eastern Region Tourism District. 1-1 Cash match for things that promote tourism in the Eastern Region. Stronger if more diverse, so adding other towns would help get more money. Might top out at \$10k. ERTD deadline 1/15/2024, Farm Credit is rolling quarter. ERTD would have to commit by 6/15/2024.

Might have to call an earlier special Ag meeting to make decisions.

Tyra can assist in January with quotes.

Earl asks if the other towns have their own brochures as well? Possible additional exposure and benefit for them if not.

Community Day – we did not participate due to the rain date and it was too wet to have a maze.

65 Main – 2 workshops have been held – Overview was first, then 2nd was the planning game with public input. Next is 12/20 6-8pm permaculture presentation. 2nd – create and build a real vo-ag program to use the facility for the high school. Practical elements was the focus at the “adult” group game. High quality input from the public and the partners.
