2. Performance reviews are being scheduled for Town employees.

- B. S. Smith presented the following Selectman's Comments:
1. At least 5 or 6 storm drains have been damaged near the Lots as a result of paving, and a few of them have been replaced. S. Smith asked if it is the Town's responsibility to pay to replace them. P. Lenky stated that the storm drains had to be replaced because they were previously damaged, which Leo Adams knew. S. Smith responded that she lives on School St. and that the storm drains were not damaged prior to paving and that some of them could go through another season or two. P. Lenky stated that if the company did the damage, they will have to replace them. S. Smith said that she will forward pictures of the damage to the Board so that the Town can try to recoup some of the expenses.
 2. S. Smith also brought up a concern that the company paving at the Lots has been using water from some resident's houses. P. Lenky stated that the residents were asked beforehand and some of them will be reimbursed. S. Smith responded that some of the residents did not know what the water was being used for.
 3. S. Smith asked when the library curbing will be completed. P. Lenky answered 30 days from the date the project was started. S. Smith also asked if the old curbing is being recycled. P. Lenky explained that kids were playing on the piles of rubbish, so the Highway Department disposed of it. S. Smith brought up a concern that when the Town goes out to bid, it should be spelled out better what is expected from start to finish.
 4. With regards to agenda item 9, S. Smith stated that it is on the agenda for the second time, and she hopes there is more information rather than just a reiteration of the original request.
- C. P. Lenky had no Selectman's Comments.
- IV. Citizens' Comments (Limit 3 Minutes)
- A. Kevin Walsh, Blain Rd., asked if the environmental study taking place on the Belding property is private property, to which P. Lenky answered affirmatively. K. Walsh stated that he does not know how much money is going into the project to maybe get it to Phase 2 for a private citizen to benefit from.
 - B. Steve Benoit, Emergency Management Department, asked for assistance to get the school's security plan.
 - C. Ken Beausoleil, Walker Dr., stated that there is a link for Town ordinances on the website that is not functional. He stated that if the Board is scheduling a Town meeting date for the ordinances, he would hope that the Board would make sure that the information is out there ahead of time so that the public can digest it.

- D. Paul Baer, Thompson Rd., read a quote from the Driveway Permit Ordinance, as well as the definition of a street, and stated that it appears some driveway permits were collected that did not have a road to go to. P. Baer stated that the Starr Rd. matter is going round and round. He said that Mr. Lenky stated the document was filed with the State. At the December 17, 2014 public hearing it was stated that the source of the document was Leo Adams. P. Baer quoted the File Access Procedure policy that was put on the Town's website. P. Baer mentioned a letter dated April 27th stating that P. Lenky would amend a report that was never changed in the first place. P. Baer stated that he would appreciate if the paid webmaster would correct the webpage to read 'Board of Selectmen.' He would like to know why the Ethics Policy has not moved forward. He stated that at the December 17, 2014 public hearing, K. Forrester made a motion to terminate discussion because there was no application before any Town commission. He stated that now there are applications before multiple commissions, so the discussion should be reopened.
- E. Don Pimental, 40 Starr Rd., stated that it is not clear to him what the request is (agenda item 9). He asked if there will be discussion about the agenda item.
- V. Request for \$1,200 for PZC for Professional Services from NECCOG Rendered 6/30/13
- A. John Rice, Planning and Zoning Commission Secretary, explained that this bill was just received and it is unclear why it was not received previously. He stated that the other item on the bill was paid in 2013. He explained that a complex project came before the Commission, and the ZEO felt he wasn't qualified to review the plans, so PZC used a NECCOG engineer to review the plans and discuss the proposal. He explained that the bill was not budgeted for and that the service is not included in the annual NECCOG fee.
- B. **Kerstin Forrester moved and Shaina Smith seconded the motion to move the \$1,200 request to the Board of Finance.**
Kerstin Forrester- Yes Paul Lenky- Yes Shaina Smith- Yes

- VI. Eversource CLEAResult- Discussion of Fee Waiver
- A. K. Forrester explained that Jordan Stern presented a savings potential for the Town with changing light bulbs and updating lighting fixtures at the Town Hall and Library, but that there could be a Building Permit fee involved. An email from Donna Hall explained that most of the fee can be waived, but a portion of the fee referred to as the State of CT Educational fee cannot be waived, which is calculated at .26 cents per \$1,000 of project cost.
- B. **Kerstin Forrester moved and Paul Lenky seconded the motion to waive the Town portion of the Building Permit fee.**

- A. P. Lenky stated that the suggested date for the Town Meeting is Wednesday, October 28, 2015 at 7:00 PM at the library, and Attorney St. Onge is working on the resolution for the ordinances. He stated that there is sufficient time to approve the resolution at the next BOS meeting, and that Attorney St. Onge is confident he will be able to review everything in time.
- B. **Shaina Smith moved and Kerstin Forrester seconded the motion to set the Town Meeting date for October 28, 2015.**
1. S. Smith stated that in the past, the BOS always had the actual notice to discuss exactly what will be at the Town Meeting, and that she doesn't feel comfortable setting a date for Town Meeting when she doesn't know exactly what will be at the meeting.
 2. S. Smith asked if it would be possible to hold a public hearing prior to the Town Meeting to give residents an opportunity to raise questions/concerns. She suggested having a public hearing on October 21st to make for a smoother Town Meeting on October 28th.
- Kerstin Forrester- Yes Paul Lenky- Yes Shaina Smith- Yes

- C. **Shaina Smith moved and Kerstin Forrester seconded the motion to schedule a public hearing for October 28, 2015.**

- B. S. Smith asked what the reason for this request being on the agenda. P. Lenky answered that he does not think there should be any discussion at all on the matter because of the letter from an attorney. K. Forrester added that it is a legal issue now and shouldn't be discussed.

- D. P. Lenky stated that the request will not be discussed until the Town Attorney reads the letter.
- X. Road Updates
- A. P. Lenky stated that paving at the lots is doing well and that chip sealing has not yet started. He also stated that Leo Adams has the list of roads that will be chip sealed, and he will be calculating the number of miles of road to be chip sealed.
- XI. Other Business: None

- XII. Citizens' Comments on Agenda (Limit 3 Minutes)
- A. Kevin Walsh, Blain Rd., stated that a comment was made under Selectmen's Comments that agenda item number 9 would be discussed when the meeting got to that item, then when the Board go to that item, it wasn't discussed. P. Lenky stated that after receiving a letter from an attorney, it is his opinion that it is a legal matter that should not be discussed. K. Walsh stated that there is a difference between opinion and fact.
 - B. Ken Beausoleil, Walker Dr., urged the Board to get the ordinance changes to the public as quickly as possible. He stated that working drafts should be available to the public because there is an awful lot of reading and comparison.
 - C. Al Landry, 33 Randall St., asked for clarification regarding the public hearing and Town Meeting. He asked if the public hearing should be called an informational hearing, because at public hearings, action is taken, and there is no action taken at a meeting like the one being proposed.
 - D. Ken Beausoleil, Walker Dr., stated that if enough input is given at the meeting, it could necessitate changes being made to those ordinances. He stated that the Board may want to reconsider the date as October 28th because they really want input from the people.
 - E. Paul Baer, Thompson Rd., referring to agenda item number 5, stated that there should be a policy that invoices and bills be submitted within a time frame. Referring to agenda item number 9, he stated that if the Board isn't going to discuss it, it should specifically state what the request is.
