Mr. Babbitt attended a meeting with NECOG, its 20<sup>th</sup> annual meeting in Putnam.

Mr. Babbitt stated that on the 15<sup>th</sup> of February he attended a meeting with the Board of Finance. The Board did approve the \$26,000.00 for the 1 ton dump truck which we are moving to a Town Meeting in March.

Mr. Babbitt stated that the Environmental Committee had a very successful Chicken BBQ and fund raiser. Good crowd, good results.

Mr. Babbitt believes that this is a real answer for our Thompson Hill problem. The engineering study should be completed in March.

## **CITIZENS COMMENTS**

Norman Rudzinski stated that last Saturday he was at the school for a basketball game. He stated he went to get some food, after a few minutes he started to get dizzy and realized that a generator was running just outside the door. He stated that he could smell carbon monoxide. Contractors had been working in the area. The generator was shut off and then a few minutes later the workers put it on again. Mr. Babbitt will advise Mr. Johnson, chairman of the building committee to advise the contractor of this situation.

Charlie Seney commented on the Thompson Sewer system. Mr. Seney asked if the town would be picking up any of the cost. Since it is private property, Mr. Babbitt stated that it is his hope that it all becomes private. Mr. Seney stated that We will have to hire someone down at the sewer plant just to watch it. Mr. Babbitt said that if it remains private, nobody would be watching it. Mr. Babbitt stated that a battle is going on between the Department of Environmental Protection and the Department of Health. If we are able to get money from the Clearwater fund we could offer people a loan for twenty years or a certain percentage of whatever that might be a possibility if extensive repairs are necessary. It sure would be better than spending 6 million or 3 million to put in a sewer line. Mr. Babbitt believes it's solvable.

Mr. Seney mentioned the Town support of the roads at the trailer park in Quinebaug. Mr. Seney believes that the plowing should be stopped. It should be plowed only if it's an emergency. Mr. Babbitt stated that a special agreement was developed over the last few years and Mr. Babbitt stated that he was not involved in this agreement but he does agree with it. He also stated that if you look at the top ten taxpayers in the Town the Park ranks about 4 or 5.

Al Landry asked if we could hang the Green Cycle environmental awards (2) that the Thompson Together Environment Committee has received. Mr. Babbitt stated yes we'd be happy to.

### **ACCEPTANCE OF HERITAGE CIRCLE**

Mr. Babbitt stated that it is hopeful. We are hopeful that this will go to a Town Meeting on March 13 or 14. At the meeting of Planning & Zoning last night Heritage Circle and Stawicki Estates was approved, also included was the Quail property. The sub-division was approved as a road.

## **CONSTABLES**

We'd like to make recommendations to various Town Committees to have Constables appointed by the Selectmen rather than putting their names on the new ballots. With the new ballots it becomes more difficult and expensive for long ballots; Thompson has one of the longest Town ballots. Town Clerk has suggested that we eliminate putting names on the ballot. A Town Ordinance will be the only way to do this. Kathy Hiatt made a motion to go forward with looking at it. Would like to see what the feedback is from the party Chairmen, once we get that, the Board of Selectmen would go forward with the Ordinance for the Town. Second by Larry Groh pending investigation.

We have requested of Fletcher-Thompson to give us an estimate cost of the Town Hall be upgraded to ADA requirements. Fletcher-Thompson has sent a proposal advising us what they would charge to present the plans needed too bring the Town Hall up to compliance with ADA. Hopefully, a grant from Small Cities would cover all expenses with the exception of the \$8,500.00 we would pay Fletcher-Thompson to do engineering blueprints.
