

Addendum

Questions asked regarding School Entrances Project RFP – November 2022

And Responses from the Thompson Building Committee

1. Please confirm that the A/E shall include Hazardous Material Testing services in our proposal?

Committee answer: Yes

2. Please verify that our services will not include CT OSCGR Grants, but may involve minor assistance with other grant sources?

Committee answer: Not at this time.

3. Please verify that the interior courtyard doors are not a part of the scope of the project?

Committee answer: No

4. Should the RFP be expanded to design/provide HARDENED ENTRANCES at the 4 main entrances in accordance with the CT SSIC standards?

Committee answer: No

5. Page 3, Scope of Work, implies that the A/E services are to be ONLY for an evaluation of the 68 doors only, and that the BC will review the evaluation and place the doors into 3 categories:
 - a. Primary Work
 - b. Secondary Work
 - c. Future Work

Committee answer: Yes
